

NJLS: *We Deliver Confidence*[®]

For immediate release: October 15, 2018

NJLS ranks “BEST OF” in four key legal service areas

Once again New Jersey Lawyers Service, LLC (NJLS) has been ranked among the best legal service providers in the New Jersey Law Journal’s 2018 “BEST OF” survey.

Bob Pladek, NJLS President, sums it up this way:

“Winning in a single category is satisfying. Being known as the best in multiple service areas is extremely rewarding, demonstrating superior competence across the board. And winning year after year tells me while we always can do better ... we ain’t doin’ too bad.”

The New Jersey Law Journal survey has run since 2012. NJLS has been voted BEST OF in courier, investigations and process service every year. And three years ago the Law Journal started a new category, “Attorney Services,” encompassing a broader, overall service level.

NJLS has won *that* category every single year.

“The legal profession has always been our core constituency,” Pladek continues. “And though we have greatly expanded our clientele, now providing top-notch service to doctors, hospitals, pharmacies, CPAs, payroll companies and many, many state agencies, service to the legal community will remain a top priority. When the state went to eFiling, NJLS was the first vendor to embrace it and offer that service as well. We will continue to develop and grow with our legal clients, providing unmatched service levels and pricing.”

About NJLS

Celebrating its 89th anniversary, NJLS is an award-winning courier and service of process provider for the New Jersey legal community and offers cost-effective pickup and delivery to a broad range of businesses and municipalities.
