

Note for NJLS Customers

OUT OF STATE SHIPMENTS

NJLS has a favorable arrangement with FedEx and several other couriers to provide out of state deliveries in the same territory originally serviced by Eastern Connection: roughly Maine to Washington, DC. Soon, NJLS will be able to offer 2-day delivery anywhere in the United States.

NJLS has TWO pickup services, regular courier and drop box. NJLS will primarily out of state ship using its network of private couriers in Philadelphia and the NYC boroughs, which provides next day service. NJLS also uses FedEx Ground depending on when NJLS picks up your package. While FedEx Ground often can deliver 'next day' in the NYC area, it is generally a 2-day service.

Packages picked up by our day couriers in North Jersey

- Will be delivered next day anywhere in Brooklyn, Manhattan, Bronx, Queens and Center City Philadelphia the next day and 2-day out side this area.

Packages picked up by our day couriers in South Jersey

- Will be delivered the next day in Center City Philadelphia. In all other areas they will be delivered using 2-day delivery.

Packages picked up by drop box drivers in North Jersey

- Will be delivered in Center City Philadelphia the next day and all other covered locations within 2 days.

Packages picked up by drop box drivers in South Jersey

- Will be delivered in Center City Philadelphia the next day
- Will be delivered in all other areas using 2-day delivery.

As FedEx pricing varies considerably with weight charges, NJLS's own out of state charges for weights exceeding 5 lbs will reflect our actual FedEx charge plus 10% for handling where FedEx services are used. FedEx charges for address correction will also be passed along to our customers. Some of these charges, depending on timing of when we received FedEx bills may not be reflected in your monthly bill but the following bill.
